ABOUT US:

YALUSTRE TECHNOPLAST

An ISO 9001: 2015 Certified Organization

YALUSTRE TECHNOPLAST Aim to achieve the trust and utter satisfaction of customers. Our promise is to constantly upgrade the materials and the processes to provide industry-standard uPVC pipes. We constantly innovate and implement what could be easy to use and work flawlessly. We set the prime standards with the fire-retardant and low smoke uPVC pipe manufacturing. Features and benefits Easy to transport, store, handle and install.

- Saves labour & installation cost
- Smooth bore ensures no clogging and higher flow compared to G.I. pipeline of the same size
- Bore diameter remains constant, ensuring constant flow over lifetime
- Superior resistance to most of the chemicals - no scaling makes the system almost maintenance-free
- Long life st of our customers.
